

Sliding Fee Discount Program Enrollment Opportunity

It is the policy of Community Health Net to provide services regardless of the patient’s ability to pay. As a Federally Qualified Health Center, Community Health Net offers a Sliding Fee Discount Program designed to allow patients to pay for healthcare services based on family size and income; therefore, patients earning less money will pay less than those that earn more. The discount will apply to services received at all Community Health Net locations. Some exclusions apply.

This program is offered to all Community Health Net patients – employed, self-employed, unemployed, retired, insured, uninsured, etc. Your personal information will not be reported to any outside entity without your written consent. You receive the same quality care and services whether you receive the discounted rates or not. When you apply to participate in this program, we will review your application based on the Federal Poverty Guidelines published annually by the Federal Government to determine which category best applies to the amount you pay for your services.
